UT3 is round the corner again. In this issue, we will share some tips that can improve your UT performance.

**Tips in preparing for UT3**

1. Make sure you know the format of the UT.
2. Organise your information and thoughts.
3. Write according to the requirements and marks allocated.
4. Start working early and avoid any unnecessary distractions.
5. Write anything you can remember.
6. Skip if unsure how to do but remember to return to the question and do not leave blank.
7. Attend workshop for the module and clear any doubts with the facilitators before UT3.
8. Attend workshop for the module and clear any doubts with the facilitators before UT3.

**Student matters**

The team managed to beat 120 students in 16 teams from 13 junior colleges, at Chuan Jin Minister & Senior Minister of National Development, Mr Tan.

The competition - Challenge for the Urban & Built Environment (CUBE) in their participation!

**Funding**

The panel discussed a wide range of communication problems faced in the corporate outreach and community of practices.

**Student matters**

The outcome of the LOA application (approval or rejection) will be made to full-time polytechnic students. Organized by Singapore Logistics Achievement Award (LAA) competition.

**DIOM Alumni**

They were the only person in there who was below 21. However, he learned a lot.

**Student matters**

Having something that is not finished is better than taking a job that is half-done.

**DIOM Alumni**

"A Bird In The Hand Is Better Than Two In The Bush" is a saying that means that something incomplete is better than something that is not started at all.
