TUITION FEES FOR POLYTECHNIC COURSES FOR AY2006

1. For the new academic year 2006, the polytechnics will increase their tuition fee by $50, from $2,050 to $2,100 per year. The new tuition fee will be applied to new and existing polytechnic students.
2. The new tuition fee will help cover cost increases arising from higher manpower and other operating costs. The Government continues to subsidise polytechnic education substantially in Singapore.
3. The polytechnics will ensure that no student admitted will be denied the opportunity of a polytechnic education because of financial difficulties.
4. Students who wish to find out more about the host of financial assistance schemes available at RP can visit the following web page for more information on loans and subsidies: http://www.rp.sg/admissions/admissions_info/scholarships_bursaries/loans_subsidies.asp
