An educational institution of choice for nurturing innovative, entrepreneurial and cultured professionals.

MISSION

We nurture individuals to prepare them for a dynamic world in partnership with stakeholders, leveraging Problem-based Learning.

CORE VALUES "EXCITE"

The values we believe in are fundamental to our success in realising our mission. Every employee is expected to demonstrate behaviours consistent with Republic Polytechnic's Core Values.

> Excellence Mindset To Achieve Our Best

Customer-Centric The Heart Of Everything That We Do

ntegrity Our Core

Teamwork Together We Are Stronger

P

Enterprising Resourcefulness To Take On The Future

JOINT MESSAGE FROM CHAIRMAN AND PRINCIPAL/CEO

Mr Wong Cheong Fook David Chairman, Board of Governors

Mr Yeo Li Pheow Principal/Chief Executive Officer

2020 had been an unusual year for us. While it would go down in history as the year of the COVID-19 pandemic, it was also the year where the Republic Polytechnic (RP) community's grit, adaptability and resilience shone through. When the pandemic hit, we responded swiftly and demonstrated our ingenuity and resourcefulness to find innovative alternatives.

The pandemic year also gave new impetus to our next five-year strategic plan – RP Transformation 2025 – which builds on our focus and commitment to advocate lifelong learning, drive innovation and accelerate digitalisation both within and outside the campus.

INNOVATING AMID THE PANDEMIC

In 2020, we celebrated the achievements of our 15th graduation cohort – comprising 4,658 graduates from the Pre-Employment Training (PET) and Continuing Education and Training (CET) programmes – virtually through congratulatory messages in various formats.

While the pandemic had disrupted global travel, we did not let it deter us from giving our students global exposure. We successfully organised a series of virtual internships and online Travel and Learn programmes with our overseas partners.

DEVELOPING AN INDUSTRY-READY WORKFORCE

During the year, RP continued to launch a wide range of lifelong learning courses aimed at helping locals pick up industry-relevant and in-demand skills to improve their employability. We maintained close ties with the public and private sectors through new agreements that will drive research and enhance our curriculum.

In the area of healthcare, we collaborated with Healthcare Academy to introduce a new SGUnited Skills (SGUS) Programme in Community Care and Health, and with NTUC LearningHub for the SGUS Programme for Health Coach and Community Care Executive. In addition, we inked agreements

Π2

with Alzheimer's Disease Association and National Healthcare Group to promote best practices in the social service and healthcare sectors respectively. We also embarked on a new research and development project on therapeutic cuisine with Woodlands Health Campus.

Deep tech is poised to drive Singapore's digital economy in a post-pandemic era. In response to anticipated demand for skilled talent in this sector, we joined hands with technologydriven companies such as ABB, Huawei, MyFinB Group, Omron Electronics, PBA Systems, and Zilliqa Research to create learning opportunities for RP students and staff.

In support of Singapore's nationwide digitalisation movement, we launched a new Professional Conversion Programme (PCP) to deepen the digital competencies of those working in the tourism industry. We also signed a Memorandum of Understanding (MOU) with Infocomm Media Development Authority to support initiatives that will help Singaporeans use technology actively, responsibly and confidently.

SHAPING A SUSTAINABLE FUTURE

Sustainable development continues to be a key focus area at RP. In 2020, we signed agreements with various like-minded partners to drive research and curriculum development in related areas such as urban agriculture technology and food waste management. These agreements paved the way for us to collaborate with eco-conscious entities such as Crown Coffee, Indoor Farm Factory Innovation, Japan Plant Factory Association, Shizuoka Prefecture, and Singnergy International. In the first half of 2021, we launched two full-time diploma programmes with a focus on sustainability.

STRENGTHENING SUPPORT FOR STUDENTS AND GRADUATES

Promoting mental wellness on campus

The pandemic brought mental health to the fore. To help our students build mental resilience and learn self-care, we piloted the use of the Student Care Chatbot, Wysa, an artificial intelligence-based mental health chatbot app for students as a resource.

Besides the chatbot, our Office of Student Support also implemented other initiatives to promote mental wellness during the year. This includes conducting regular webinars and availing downloadable resources on mental wellness. Our Student Care Centre – which President Halimah Yacob visited in December 2020 – remains open as a physical safe space for students with mental health challenges and special educational needs.

Boosting employment and skills training initiatives

In RP, we support our graduates in broadening their skillsets and we proactively provide them with access to opportunities across different sectors amid the uncertain economic outlook. Our annual career fair – which went online for the first time – was well-received, garnering over 21,000 views from 27 January 2021 to 19 February 2021. Through the event, our students gained access to more than 2,900 positions offered by close to 150 participating companies. This new online format allowed us to extend the duration of the event and expand our audience reach.

We announced the enhanced Alumni Skills Advancement Programme (ASAP) during the Graduation Week in May 2020. Under the enhanced ASAP, our alumni members enjoy complimentary enrolment into their first three Skills-Based Modular Courses from RP's Specialist Diploma programmes or SkillsFuture Series courses. They can select from an expanded list of over 280 CET courses to upskill and bolster their employability.

COLLABORATING FOR SUCCESS

This year, our Board is joined by three new members. As we warmly welcome Prof Aaron Voon-Yew Thean, Mrs Lucy Toh, and Dr Teoh Chin Sim, we would also like to extend our deepest appreciation to Prof Chua Kee Chaing and Mrs Tan Wai Lan, who have stepped down from the Board, for their insights and guidance.

We take this opportunity to specially thank our former Deputy Chairman Mr Wilson Tan, who stepped down from the Board in July 2020 after 12 years of service, for his valuable contributions through the years.

Last but not the least, we thank all staff, students, parents, alumni, advisory committees, and industry and community partners for their unwavering support.

BOARD OF GOVERNORS

FOR PERIOD BETWEEN 1 APRIL 2020 AND 31 MARCH 2021

CHAIRMAN

DEPUTY CHAIRMAN

(From 1 August 2017 till 31 July 2020) (Member since 1 August 2008)

Mr Wong Cheong Fook David Former Chairman Ascendas Funds Management

Mr Wilson Tan Former Chief Retail Innovation Officer CapitaLand Group Ltd

DEPUTY CHAIRMAN

(From 1 August 2020) (Member since 1 August 2017)

Mr Jayson Goh Managing Director Airport Operations Management Changi Airport Group (Singapore) Pte Ltd

MEMBERS

OF FINAL-YEAR STUDENTS

took part in work attachments with the industry, allowing them chance to learn and sharpen

work-related skills, and build important industry networks to enhance their employability.

389 CONTINUING EDUCATION & TRAINING (CET) PROGRAMMES

Out of these, **10 Part-Time Diplomas** are available as Work-Study Programmes.

Out of these, **11 Specialist Diplomas** are available as Work-Study Programmes.

1 NEW PART-TIME DIPLOMA AND **1 NEW SPECIALIST DIPLOMA** COMMENCED CLASSES IN 2020.

HIGHLIGHTS

APRIL

UPSKILLING THE HEALTHCARE WORKFORCE WITH HEALTHCARE ACADEMY

On 13 April 2020, Republic Polytechnic (RP) and Healthcare Academy inked an agreement during a virtual signing ceremony to enhance the quality of training and expand Singapore's healthcare competencies. Under the Memorandum of Understanding (MOU), RP and Healthcare Academy will jointly offer training courses that address skills gaps in the healthcare sector, especially in the area of integrated and preventive care.

Stock photo taken before COVID-19

NEW PROGRAMME TO HELP PMETS IN AIR TRANSPORT SECTOR PICK UP NEW SKILLS

Stock photo taken before COVID-19

RP launched a Professional Conversion Programme (PCP) for Air Transport Professionals to help professionals, managers, executives, and technicians (PMETs) acquire new skills and prepare them for new roles in the air transport sector.

This Place-and-Train programme is aimed at individuals seeking career transition opportunities in the areas of airport ground handling, airline operation and management, and airport management.

Participants of the training programme, which includes up to nine months of on-the-job training, can look forward to placement, progression, and sponsored training opportunities in an aviation-related job role.

APRIL

ENGINEERING FOR GOOD WITH SG ENABLE

In partnership with SG Enable and in consultation with social service agency AWWA, RP School of Engineering successfully designed a special joystick catered to the needs of wheelchair users with hand mobility impairments.

SG Enable plans to license the design and encourage wider adoption of the solution within AWWA, and in other social service agencies.

RP had secured funding from the National Additive Manufacturing Innovation Cluster (NAMIC) for this project, which employed Arburg Plastic Freeforming (APF) – a patented additive manufacturing process. This six-month collaboration also enhanced our engineering curriculum and paved the way for more internship opportunities with companies in the assisted mobility field.

CELEBRATING RP GRADUATION 2020

As the COVID-19 pandemic continued to disrupt activities in Singapore, RP, like the other polytechnics, had to cancel our graduation ceremony in 2020. However, we continued to celebrate the achievements of our 15th graduation cohort – comprising some 4,658 graduates from the Pre-Employment Training (PET) and Continuing Education and Training (CET) programmes – through congratulatory messages and videos available on various digital platforms.

Mr Ong Ye Kung, then-Minister for Education, and Mr Yeo Li Pheow, RP's Principal and Chief Executive Officer, were among those who congratulated the graduates via video messages uploaded on our graduation portal and social media platforms.

To encourage lifelong learning among our graduates and increase our support for them in uncertain times, RP announced an enhanced Alumni Skills Advancement Programme (ASAP) during Graduation Week. Under the enhanced ASAP, RP alumni enjoy complimentary enrolment into their first three (3) Skills-Based Modular Courses (SBMCs) or SkillsFuture (SF) Series courses offered by RP. They can select from an expanded list of over 280 CET courses to upskill and bolster their employability.

ADAPTING TO THE PANDEMIC WITH VIRTUAL OVERSEAS INTERNSHIPS

Hybrid and online lessons, global exposure via virtual exchanges – these are just some of the ways RP is adapting to a changing higher education landscape reshaped by the COVID-19 pandemic.

In May 2020, RP School of Sports, Health and Leisure (SHL) and the Office of International Relations facilitated RP's inaugural virtual overseas internship. Over a period of 10 weeks, Javier Hwa conducted physical education lessons online for students in Sekolah Bina Persada (SBP) in Bandung, Indonesia. Javier, our SHL student from the Diploma in Sport Coaching, also designed and conducted exercise programmes for SBP staff.

Javier's virtual overseas internship experience was the first of many that followed subsequently.

SEEDING A SUSTAINABLE FUTURE WITH I.F.F.I

RP signed an MOU on 26 May 2020 with agritechnology company Indoor Farm Factory Innovation (I.F.F.I) to deepen collaborative research in the field of agritechnology for indoor farm factories.

This partnership will support collaborative projects and trainings for indoor farming. It will also create internship opportunities for RP students at I.F.F.I's indoor farm, facilitate staff exchange programmes and the co-organisation of events and workshops on urban agriculture.

JUNE

Stock photo taken before COVID-19

TURNING THE TIDE TO PREPARE FOR RECOVERY THROUGH ETSP

The Enhanced Training Support Package (ETSP) is part of the Stabilisation and Support Package and supplementary Resilience Budget announced at Budget 2020.

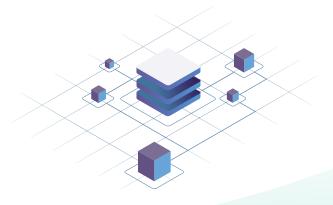

In June 2020, RP became a Programme Partner for the delivery of the ETSP, which aims to help hard-hit sectors tide over the economic impact of COVID-19 and position themselves for recovery.

Under this upskilling initiative, RP offers CET courses to facilitate skills upgrading and re-training of self-employed persons in these sectors: Arts and Entertainment; Food Services; Point-to-Point Transport; Private Bus Hire; Retail; Sports and Recreation; and Tourism.

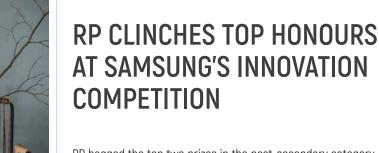

BOOSTING BLOCKCHAIN CAPABILITIES WITH ZILLIQA

On 20 June 2020, RP inked an agreement with blockchain tech firm Zilliqa Research, which is based in Singapore and London. The three-year MOU will create opportunities for internships, Final Year Projects, staff capability development, and co-development of fintech curriculum for our PET and CET courses.

Zilliqa is the first public blockchain to implement sharding – a database architecture pattern – on its blockchain network. It delivers high security for enterprises and applications, and works with partners such as payment solutions provider Xfers, which is backed by 500 Startups, Golden Gate Ventures, and Facebook co-founder Eduardo Saverin.

RP bagged the top two prizes in the post-secondary category at Samsung's Solve for Tomorrow 2020, a competition that encourages and inspires youths to innovate through Science, Technology, Engineering, and Math (STEM) and solve real-world problems.

The first prize and the People's Choice Award went to SUSKIN, an all-vegan alternative to leather derived by converting food waste to textile, while the second prize winner was Bam-boots, a cost-effective, lightweight bamboo prosthetic designed to allow individuals with leg amputations to move around easily.

The competition was supported by the Infocomm Media Development Authority (IMDA) under National Infocomm Competition.

JULY

Photos taken before COVID-19

BRINGING ARTS CLOSER TO THE COMMUNITY

RP became the first Institute of Higher Learning to be part of the National Arts Council's (NAC) Arts and Culture Nodes Network. The partnership, which runs from 1 July 2020 to 31 March 2022, is part of our commitment to bring the community together to enjoy and experience the arts in their neighbourhood.

Under the partnership, The Republic Cultural Centre (TRCC) at RP will host various quality arts programmes by established local artists and arts groups. It will also receive funding support for certain programmes, such as the Community Arts Residency@RP (2020/2021) featuring Buds Theatre, a nonprofit enterprise that aims to bridge cultural gaps within the region, uniting ties for future progression in the arts.

Pigeons by Suhayla El-Bushes. Photo credits: Kate Pocklington. Photo taken before COVID-19

JULY

PROMOTING BEST PRACTICES WITH ALZHEIMER'S DISEASE ASSOCIATION

On 15 July 2020, RP signed a three-year MOU with Alzheimer's Disease Association (ADA) to develop and implement best practices in the social service sector. Both organisations expressed their commitment to strengthen their partnership through collaboration on consultancy or commissioned work in areas including, but not limited to, dementia.

ADVANCING THE SECURITY SECTOR WITH AETOS TRAINING ACADEMY

On 29 July 2020, RP signed an MOU with AETOS Training Academy to drive collaboration in various areas, including training, research, projects, and industry talks. In particular, RP will design and deliver training programmes to help new AETOS Auxiliary Police Officers hone their soft skills. This new partnership will also create opportunities for internships and bursaries for RP students.

AUGUST

DRIVING RESEARCH AND INNOVATION WITH NATIONAL HEALTHCARE GROUP

On 1 August 2020, RP and National Healthcare Group (NHG) signed an MOU for two years. The MOU seeks to establish collaboration in developing and implementing best practices in the health industry, and/or consultancy or commissioned work in various projects, including and not limited to population care.

Both NHG and RP hope to leverage each other's strengths and deepen their existing partnership to introduce enhancements to the community health scene in Singapore.

Stock photo taken before COVID-19

TRAVEL AND LEARN GOES ONLINE

RP's Travel and Learn Programmes are overseas immersion trips for participants to learn how to grow their business overseas. As the COVID-19 pandemic continues to curtail international travel, RP has launched a webinar series to engage aspiring and existing entrepreneurs. The inaugural session, Travel and Learn Goes Online: Insights from the Inside – "Indonesia Recovery & Readiness" took place on 5 August 2020.

Featuring a panel of experts discussing Indonesian current affairs, with a special focus on Bali and Batam, the session also touched on the country's post-pandemic plans and opportunities.

EIGHTEEN RP STAFF CONFERRED NATIONAL DAY AWARDS 2020

The Singapore National Day Awards (NDA) are a means of recognising various forms of merit and service to Singapore.

RP has a total of 18 proud recipients who were conferred the Awards in 2020. The award recipients include RP's Deputy Principal (Student Services and Organisational Development) Mr Boo Chong-Han and RP's Director, Office of Planning Mr John Young. Both of them received The Public Administration Medal (Silver).

Our heartiest congratulations to all RP NDA award recipients for their exemplary service and dedication to their line of work.

JOINING HANDS WITH YOOZOO FOR GAMING RESEARCH AND COLLABORATION

On 11 August 2020, RP was one of five polytechnics to sign an MOU with Youzu Singapore – the Asia Pacific hub of gaming industry giant YOOZOO Group – to jointly carry out scientific research and teaching projects.

The MOU, which will run for three years, will pave the way for student internships, workshops, and Final Year Projects, as well as staff attachments.

IMPROVING DIGITAL READINESS WITH IMDA

In August 2020, RP and Infocomm Media Development Authority (IMDA) signed an MOU aimed at improving the nation's digital literacy.

The partnership with IMDA is in line with our Digital Participation Pledge to play a part in helping Singaporeans acquire skills and adopt digital technology. It also supports RP students taking the Diploma in Business course, as they will have the opportunity to participate in community projects as part of their service learning.

Under the MOU, RP will back student-led projects that teach Singaporeans to use technology actively, responsibly, and confidently.

AUGUST

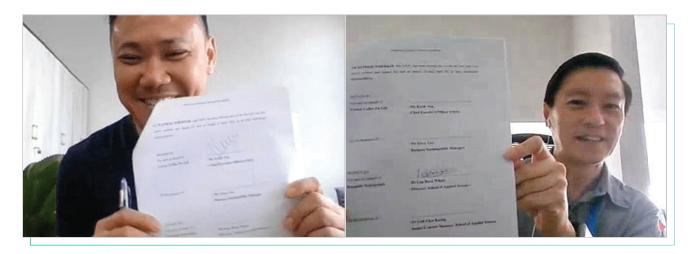

TRANSFORMING FOOD WASTE TO ENERGY WITH SINGNERGY INTERNATIONAL

On 20 August 2020, RP and Singnergy International (Singnergy) signed an agreement that would facilitate joint research and projects in the area of converting organic food waste to energy.

Under the MOU, RP students can look forward to participating in Final Year Projects, industry talks, workshops or excursions involving Singnergy. The agreement will also create opportunities for RP staff attachments and networking events aimed at knowledge transfer, in areas such as environmental sustainability, urban farming and circular economy. RP will also look into providing training and development opportunities to Singnergy staff.

BREWING A SUCCESSFUL PARTNERSHIP WITH CROWN COFFEE

On 26 August 2020, RP School of Applied Science entered into a partnership with local eco-conscious start-up Crown Coffee. The latter is best known for launching Singapore's first fullyautomated robot barista.

Expected outcomes from this partnership include collaborative and consultancy projects in the areas of food waste management and urban farming, and Final Year Project opportunities for students. It will also create attachment opportunities for RP staff, and training and development programmes for Crown Coffee's staff.

Photo taken before COVID-19

DRIVING HOME-GROWN SUSTAINABILITY WITH JAPAN PLANT FACTORY ASSOCIATION

On 9 September 2020, RP and Japan Plant Factory Association (JPFA) affirmed their commitment to commence joint research on urban agriculture technology. This MOU signing was a follow-up from a trip made by RP management to JPFA's premises in Japan in 2019.

The partnership will support the development and delivery of our CET programmes for urban agriculture technology. It will also pave the way for RP student internships, staff exchange programmes, and co-organisation of events and workshops on urban agriculture.

STUDENT CARE CHATBOT APP

To help students build mental resilience and learn self-care, RP implemented the Student Care Chatbot, Wysa, for students feeling stressed amid the COVID-19 pandemic. Users are also promised anonymity when using the artificial intelligence-powered chatbot.

Besides the chatbot, the Office of Student Support has also implemented other stress management and coping initiatives online to support the emotional and mental well-being of our students. This includes conducting webinars on a regular basis and availing downloadable resources on mental wellness.

OCTOBER

RP COMMENCES FOUR NEW COURSES UNDER SGUNITED SKILLS PROGRAMME

Stock photo taken before COVID-19

The SGUnited Skills (SGUS) Programme offered by RP Academy for Continuing Education is a full-time training programme ranging from six to 12 months. It comprises a wide range of training courses to help Singaporeans acquire in-demand and emerging skills across several sectors.

In October 2020, we welcomed our first intake of students for four new SGUS courses spanning the areas of food and beverage management, digital marketing and branding, as well as community care and health. The SGUS Programme in Community Care and Health in particular, was announced on 15 October 2020. A collaboration with NTUC LearningHub (NTUC LHUB), Healthcare Services Employees' Union (HSEU) and NTUC's Employability and Employment Institute (e2i), this SGUS programme is driven through a partnership with Healthcare Academy. RP is also collaborating with NTUC LearningHub to deliver a SGUS Programme for Health Coach and Community Care Executive.

RP WINS BIG AT WORLDSKILLS SINGAPORE

RP students won an unprecedented number of awards at WorldSkills Singapore (WSS) 2020, a national competition of vocational skills across five sectors: Creative Arts and Fashion, Infocomm Technology, Manufacturing and Engineering Technology, Social and Personal Services, and Transport and Logistics.

Pitting their skills against participants from other Institutes of Higher Learning, our students won a total of four Golds, two Silvers, one Bronze, and three Medallions of Excellence.

OCTOBER

SPURRING DIGITALISATION IN THE TOURISM SECTOR

On 27 October 2020, RP School of Hospitality, School of Infocomm and School of Engineering jointly launched a new Professional Conversion Programme (PCP) to deepen the digital competencies of those working in the tourism industry.

The Digital Operations Job Redesign Reskilling PCP for Tourism Executives aims to support tourism businesses in their digitalisation efforts, and included topics on tourism technology, customer experience, chatbots, and Robotic Process Automation (RPA). Participants of the programme will gain hands-on learning opportunities and project-based consultancy work with companies such as Wildlife Reserves Singapore, Chan Brothers, Luxury Tours, and Kiztopia.

NEW BUSINESS DIPLOMA FOR ITE GRADUATES

Institute of Technical Education (ITE) graduates who wish to upgrade and deepen their capabilities can now take up a new Diploma in Business Practice (Digital Marketing and Branding) course at RP. The part-time course, which runs for two and a half years, commenced its first intake in October 2020.

Upon completion of this course, students will be equipped with essential knowledge and practical skills to support the growth of digital marketing and branding functions within organisations.

OCTOBER

GROOMING CREATIVE TALENT WITH POTATO PRODUCTIONS

On 29 October 2020, Potato Productions came onboard as one of our esteemed industry partners with the signing of an MOU with RP School of Technology for the Arts.

Based in Singapore, Potato Productions is actively involved in technological innovations in healthcare, translation, augmented and virtual reality, and digital and enterprise mobility.

The partnership will create opportunities across RP for joint programmes and projects, as well as student internships. RP staff can look forward to staff attachments and tap on Potato Production's expertise for research and curriculum enhancement.

Stock photo taken before COVID-19

FIVE-YEAR BLUEPRINT FOR RP'S TRANSFORMATION

RP unveiled its organisational blueprint with RP Transformation 2025, a roadmap comprising five strategic priorities for the next five years. The five priorities are:

- 1. Future-Proof Learners
- 2. Strengthen Support for Social Mobility
- 3. Focus TIE (Technology, Innovation and
- Entrepreneurship) Efforts
- 4. Digitalise RP

28

5. Transform RP's Capabilities

RP Transformation 2025 builds on our unwavering focus and commitment to advocate lifelong learning, drive innovation and accelerate digitalisation both within and outside the campus. With a strong focus on people, partnerships and progress, RP Transformation 2025 aims to establish RP as the go-to Institute of Higher Learning for capability and talent, and the partner of choice for both public and private sector institutions.

To ensure that RP remains focused amidst the changes in the coming years, we have also developed the RP Transformation Goals 2025:

- Every Staff Valued
- · Every Student Cared For
- Every Graduate An Achiever

NOVEMBER /

MEETING NEEDS FOR INNOVATIVE AUTOMATION WITH OMRON ELECTRONICS

On 11 November 2020, RP inked an inaugural agreement with technology firm Omron Electronics. Under the three-year MOU, RP staff and students can look forward to internships, projects and attachments targeted at practical application of the latest technology in industrial automation.

The agreement will also create opportunities for RP students and staff to participate in company visits and talks, and to benefit from the use of Omron's equipment for learning purposes. Omron Electronics may also support RP students through scholarships, book prizes or other awards.

During his past visit to RP, Mr Lieu Yew Fatt, Managing Director of Omron Electronics, also toured our Intelligent Robotic Automation Lab and Supply Chain Innovation Lab.

NURTURING ENGINEERS OF THE FUTURE WITH ABB

On 11 November 2020, RP cemented its partnership with engineering giant ABB Pte Ltd with an inaugural MOU that is set to enhance our PET and CET curriculum in robotics and machine vision.

Under the MOU, RP students and staff can look forward to participating in company visits and talks, and to benefit from the use of ABB's equipment for learning purposes. ABB may also support RP students through scholarships, book prizes or other awards.

RP had collaborated with ABB on other fronts prior to the MOU. This includes a project to explore the use of autonomous robots to drive supply chain innovation, as well as the inclusion of ABB's software and industrial robots in our PET curriculum and Intelligent Robotic Automation Lab respectively.

DISCOVERING ADVANCED MANUFACTURING TECHNOLOGIES WITH PBA SYSTEMS

On 11 November 2020, RP and robotics and automation company PBA Systems joined hands to conduct research and collaborate on initiatives that will boost learning in the field of advanced manufacturing technologies.

RP's inaugural MOU signing with PBA Systems came after a series of earlier partnerships. This includes a co-certification course on collaborative robots (cobots), as well as the use of the company's cobots in our Intelligent Robotic Automation Lab as part of our students' learning journey.

With this new agreement, RP students and staff can look forward to participating in company visits and talks. PBA Systems may also support RP students through scholarships, book prizes or other awards.

BOOSTING R&D IN FARMING WITH SHIZUOKA PREFECTURE

On 17 November 2020, RP and Shizuoka Prefecture agreed to cooperate in research and development in agriculture, as well as coorganise student internships and staff exchanges. Under this collaboration, RP, together with four other polytechnics and ITE, and the Shizuoka Prefecture will also provide mutual support for technology commercialisation and global market expansion.

The MOU was signed during the inaugural Singapore-Shizuoka Agri-Food Forum, an annual forum that brings together researchers, academia, and companies from Singapore and Shizuoka in the agri-food arena.

PLUGGING THE AI TALENT GAP WITH MYFINB GROUP

On 30 November 2020, RP signed a three-year MOU with MyFinB Group with the aim of equipping students with technical knowledge on the practical use of artificial intelligence (AI).

RP's partnership with the AI and data analytics firm includes internships, projects, and staff attachments. There may also be opportunities for the co-development of CET programmes and a joint lab in AI Innovation at RP, as well as support for RP entrepreneurs and venture building programmes.

DECEMBER ,

PUSHING TECH INNOVATION WITH HUAWEI SINGAPORE

On 8 December 2020, RP School of Infocomm and Office of Entrepreneurship Development signed a MOU with Huawei Singapore to promote collaboration in technology innovation programmes and projects for the next three years.

The programmes and projects will cover areas such as artificial intelligence, cloud computing and mobile application development. RP students and staff will also be involved in Huawei's start-up and innovation-related programmes such as the Huawei Spark Accelerator Programme, Huawei Ascend Programme, and Huawei Shining Star Programme.

Stock photo taken before COVID-19

DECEMBER /

PRESIDENT HALIMAH YACOB'S VISIT TO RP

On 17 December 2020, President Halimah Yacob visited RP and toured our Student Care Centre, which has been specifically re-designed to enhance support for students with mental health challenges and special educational needs, among other needs. There, she interacted with several RP students, including a second-year pharmaceutical science student who is diagnosed with Autism Spectrum Disorder. In a Facebook post, Madam Halimah lauded RP for its efforts in providing support for such students.

During her visit, Madam Halimah also toured our Agriculture Technology Laboratory, which features indoor growing technologies such as vertical growing systems using artificial lighting and hydroponics.

RP LAUNCHES TWO NEW DIPLOMAS WITH STRONG SUSTAINABILITY FOCUS

RP has launched two new full-time, sustainability-focused diplomas in engineering and science in support of Singapore's green development push.

From Academic Year 2021, prospective students are able to enrol into the Diploma in Sustainable Built Environment (DBSE), and the Diploma in Environmental & Marine Science (DEMS). Students from DBSE will receive comprehensive training across the entire built environment industry, covering important areas such as green building design, building simulation and analysis, and facilities management, while students from DEMS will be equipped with knowledge on environmental sustainability that encompasses climate change, terrestrial and marine conservation, circular economy, and data analysis. In line with the aim to become a green campus, RP will also ramp up operational efforts to reduce food waste and increase food waste recycling efficiency.

The announcements were made on the first day of RP's first-ever virtual open house, which was held from 7 to 9 January 2021. The annual event had gone digital as part of RP's continuous efforts to adapt to the evolving pandemic situation.

DRIVING FOOD INNOVATION WITH REPUBLIC POLYTECHNIC – WOODLANDS HEALTH CAMPUS COLLABORATION KICKOFF

In a show of strong ties with industry partners, RP kicked off the new year with a new research and development (R&D) project with Woodlands Health Campus (WHC) on 29 January 2021. RP's Diploma in Restaurant & Culinary Operations' lecturers from our School of Hospitality as well as lecturers from our School of Applied Science started the collaboration with WHC to innovate therapeutic cuisine and conduct food shelf-life testing.

WHC has supported RP through various internship opportunities, project collaborations and scholarship sponsorships since 2019. This new R&D project will create opportunities for student learning journeys and the enhancement of our hospitality curriculum.

VIRTUAL CAREER FAIR TO BOOST EMPLOYABILITY OF RP GRADUATES

Every year, the RP Career & Opportunity Fair has always centred around connection and networking. In 2021, against the challenging backdrop of a prolonged health crisis, we continued to create job opportunities for our graduating cohort and alumni – this time through a new online format.

Held from 27 January to 19 February, the Virtual Career & Opportunity Fair 2021 saw more than 2,900 positions offered by close to 150 participating companies, and the SkillsFuture Work-Study Programmes had a greater presence at the Fair too. The online format allowed us to extend the duration of the event and expand our audience reach to hit some 21,000 views over three and a half weeks.

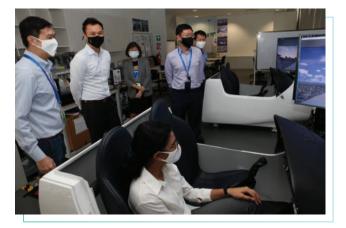

NEW PARTNERSHIP WITH SKYPORTS TAKES FLIGHT

On 3 February 2021, RP and Skyports cemented our mutual commitment to build a talent pipeline for the aviation sector and prepare it for the recovery of air travel.

Skyports is a leading enabler of advanced air mobility (AAM) and provides the critical link between the ground and the sky. The company designs, builds and operates take-off and landing infrastructure for air taxis. It is working with German manufacturer Volocopter, to launch electric-powered air taxi service in Singapore within the next three years.

Under the MOU, RP and Skyports will explore joint initiatives ranging from terminal to passenger services, as well as consultation support on topics of interest, research, and internships.

PROMOTING THE SPIRIT OF ENTERPRISE AT IDARE ENTREPRENEURIAL CHALLENGE

Organised by the RP Office of Entrepreneurship Development, the i-Developing Aspiring and Ready Entrepreneurs (iDARE) Entrepreneurial Challenge 2021's Pitch Day Finals was held online on 8 February 2021.

This year's competition saw over 160 unique submissions from over 520 aspiring students from across seven RP Schools. Eleven teams were eventually selected to pitch their business ideas at this event. The champion team, Altimate Nutrition from RP School of Applied Science, won the judges over with their proposal to use alternative protein from cricket flour to create tasty, nutritious and environmentally-friendly protein bars.

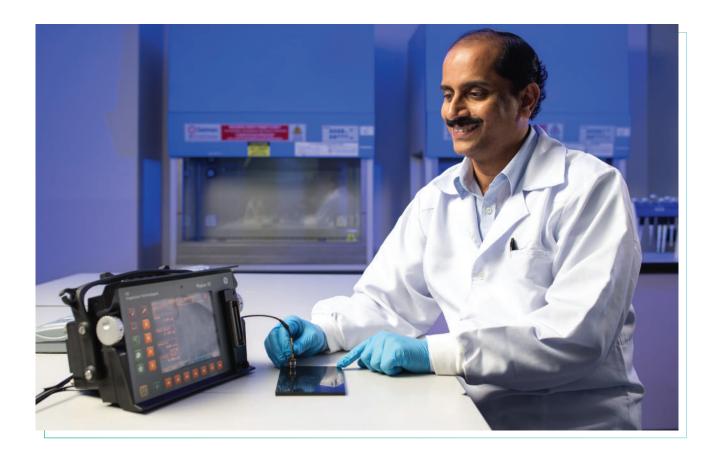

FULFILLING CAREERS IN AVIATION MANAGEMENT WITH DNATA SINGAPORE

On 18 February 2021, RP and air services provider dnata Singapore (dnata), inked an MOU to provide more learning opportunities in aviation management for our PET and CET students. Through internships and joint research projects, RP students will acquire valuable industry experience and skillsets, and be exposed to industry-leading technologies at dnata.

dnata provides air services such as in-flight catering, ground handling cargo and passenger services. As one of RP's longstanding industry partners, dnata has supported us in areas such as internships, Final Year Projects, work-study programmes, and industry talks.

MARCH

PARTNERING ACUMEN DIAGNOSTICS AND E2I TO MEET MANPOWER DEMAND FOR GROWING BIOTECH SECTOR

RP is collaborating with medical technology firm Acumen Diagnostics (Acumen) and Employment and Employability Institute (e2i) to launch a Professional Conversion Programme (PCP) to train medical technologists and molecular diagnostics manufacturing technologists. RP will deliver the theoretical learning, while Acumen provides on-the-job training and subsequent job opportunities to trainees who successfully complete the course.

The launch of the PCP is in response to the rapid growth of the biotechnology and biomedical sector during the COVID-19 pandemic. This has resulted in the creation of new job opportunities for medical technologists and molecular diagnostics manufacturing technologists.

REPUBLIC POLYTECHNIC EDUCATION FUND (RPEF)

For the financial year ended 31 March 2021

UEN: T03CC17401 | Charity Registration Date: 15 November 2003 IPC Status: Valid till 31 March 2022 | Registered Address: 9 Woodlands Avenue 9, Singapore 738964

OBJECTIVES OF THE FUND

- a) To provide bursaries, equipment loans, and other forms of financial assistance schemes to students, as well as scholarships/ book prizes to students who excel academically and in co-curricular activities.
- b) To provide funding support for activities associated with student development, welfare and social activities.
- c) To support the setting up and upgrading of physical infrastructure for the students.

MANAGEMENT COMMITTEE

The appointment of the Management Committee shall be for a term of two years and will be renewable at the end of two years by Republic Polytechnic's Executive Committee. The maximum term limit of the Treasurer is four consecutive years.

The current committee has been appointed for the term from 1 January 2021 to 31 December 2022. Mr Tui Jurn Mun and Mr Ganesh Kalyanam have continued to serve for more than 10 consecutive years. Their in-depth knowledge and expertise have guided RP to reach out to relevant foundations and organisations for support. With their experiences in industry development and student development, they have contributed to a balanced composition of committee members with diverse backgrounds.

For the financial year ended 31 March 2021, there were four meetings held:

Current Appointment	Name and Designation	Attendance
Chairman	Mr Boo Chong-Han Deputy Principal (Student Services and Organisational Development)	4
Deputy Chairman (From 1 January 2021)	Mr Sundar Windersalam ^(a) Senior Director/Registrar, Officer of the Registrar Director, Office of Student Support	4
Deputy Chairman (Till 31 December 2020)	Mr Ganesh Kalyanam ^(b)	3
Member (From 1 January 2021)	Director, Office of Student and Graduate Affairs	5
Secretary	Mr Tui Jurn Mun Director, Office of Industry and Collaboration	4
Treasurer (From 1 January 2021)	Ms Geraldine Ang ^(c) Chief Financial Officer Director, Office of Finance	3
Treasurer (Till 31 December 2020)	Ms Delphine Png ^(d) Senior Manager, Office of Finance	3
Member (From 1 January 2021)	Mr James Lee ^(e) Director, School of Hospitality	1
Member (Till 31 December 2020)	Ms Wong Wai Ling ^(f) Director, School of Infocomm	3

(a) Mr Sundar Windersalam was appointed as member on 30 April 2020 and appointed as Deputy Chairman on 1 January 2021.

(b) Mr Ganesh Kalyanam stepped down as Deputy Chairman on 31 December 2020 but remains as member.

(c) Ms Geraldine Ang was appointed as Treasurer on 1 January 2021.
(d) Ms Delphine Png stepped down as Treasurer on 31 December 2020.
(e) Mr James Lee was appointed as member on 1 January 2021.

(f) Ms Wong Wai Ling stepped down as member on 31 December 2020.

GOVERNANCE

Conflict of Interest Policy

Upon assuming their appointment, the committee members of RPEF are required to read and understand the conflict of interest policy as prescribed under the Code of Governance guideline for Charities and Institutions of a Public Character. They are also required to make full disclosure of any interest and relationship that could potentially result in conflict of interests in the course of operation. When conflict of interest situation arises, the affected member(s) shall abstain from discussion, decision making and voting of such transaction.

Remuneration Policy

RPEF does not remunerate the committee members for their services rendered to RPEF.

Reserves Policy

Donations received are well defined by various donors to be executed for specific purposes which include scholarships, bursaries, book prizes, the Student Emergency Money Scheme (SEMS), and the Student Pocket Money Scheme (SPMS).

RPEF does not set aside reserves. In the event that a donation is not utilised in the current financial year, the donation will be carried forward to the subsequent financial year(s) to be utilised for the same purpose.

For the financial year ended 31 March:

	2021 \$'000	2020 \$'000	% Increase
Endowed Donation	18,957	18,892	0.3%
Matching Grants	35,810	34,243	4.6%
Endowment Fund	54,767	53,135	3.1%
Accumulated Surplus ¹	6,462	5,531	16.8 %
Total Funds ²	61,229	58,666	4.4%
Expenditure ³	4,463	4,405	1.3%
Ratio of Accumulated Surplus ¹ to expenditure ³	1.45 : 1	1.26 : 1	

¹ Unutilised non-endowed donation and interest income that is carried forward to new financial year

 $^{\scriptscriptstyle 2}$ Total funds include non-endowed donations and endowment fund

³ Disbursement and expenses as supported/specified by donors

Compliance with Code of Governance

In line with the disclosure requirements by the Charity Council, the Governance Evaluation Checklist of RPEF disclosing the extent of its compliance with the Code can be found at the Charity Portal website **www.charities.gov.sg**.

Through the Polytechnic's corrective action policy, any concerns raised on possible wrongdoings will be independently investigated and appropriate corrective actions will be taken.

FUNDING SOURCES

During the financial year, RPEF's funding sources comprised donations from individuals, organisations, foundations, and interest income generated from endowment funds.

PROGRAMMES & ACTIVITIES

RPEF awarded various scholarships, bursaries, book prizes and other financial assistance to deserving Republic Polytechnic (RP) students.

The table below shows the number of disbursements made out of RPEF for the financial year ended 31 March 2021.

Due to the COVID-19 pandemic, the number of awards for financial assistance has increased as there were more students who met the requirements for financial assistance.

Type of Awards	Scholarships	Bursaries	Book Prizes	SEMS	SPMS
Number of Awards	478	2,386	597	20	1,017

Scholarships

Scholarships are awarded to RP students based on merits of their academic and co-curricular activity achievements.

Bursaries

Bursaries are awarded to RP students who come from low-income families. The gross household income, number of family members in the household, and special needs or medical challenges are taken into consideration when RP evaluates the applications.

Book Prizes

Book prizes are awarded to RP students who have excelled in their studies.

Student Emergency Money Scheme

SEMS aims to provide compassionate assistance to needy RP students from low-income families. It is intended to assist needy students during times of crisis by providing financial support where a clear need exists such as sudden death or hospitalisation of the family members of the needy students.

Student Pocket Money Scheme

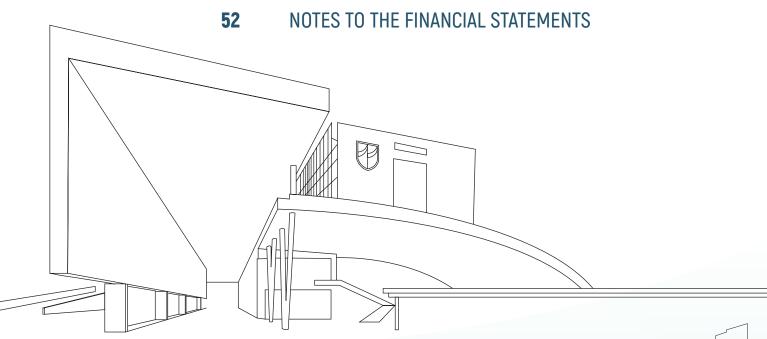

SPMS aims to support needy RP students from low-income families who are struggling with their daily expenses on transportation or meals in school.

FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2021

CONTENTS

- 42 STATEMENT BY BOARD OF GOVERNORS
- **43** INDEPENDENT AUDITOR'S REPORT
- 47 STATEMENTS OF FINANCIAL POSITION
- **48** STATEMENTS OF COMPREHENSIVE INCOME
- 50 STATEMENTS OF CHANGES IN ACCUMULATED SURPLUS
- **51** CONSOLIDATED STATEMENT OF CASH FLOWS

Statement by Board of Governors

For the financial year ended 31 March 2021

In our opinion,

- a. the accompanying financial statements set out on pages 47 to 87 of Republic Polytechnic (the "Polytechnic") and its subsidiary (collectively the "Group") are drawn up in accordance with the provisions of the Public Sector (Governance) Act 2018, Act 5 of 2018 (the "Public Sector (Governance) Act"), the Republic Polytechnic Act, Chapter 270 (the "Act"), the Charities Act, Chapter 37 and other relevant regulations and Statutory Board Financial Reporting Standards so as to present fairly, in all material respects, the state of affairs of the Group and Polytechnic as at 31 March 2021, and the results, changes in accumulated surplus and cash flows of the Group and the results and changes in accumulated surplus of the Polytechnic for the year ended on that date;
- b. the receipts, expenditure, investment of moneys and the acquisition and disposal of assets by the Polytechnic during the year are, in all material respects, in accordance with the provisions of the Public Sector (Governance) Act, the Act and the requirements of any other written law applicable to moneys of or managed by the Polytechnic;
- c. the use of donation moneys is in accordance with the objectives of the Republic Polytechnic Education Fund (the "Fund") as required under Regulation 11 of the Charities (Institutions of a Public Character) Regulations;
- d. the Fund has complied with the requirements of Regulation 15 of the Charities (Institutions of a Public Character) Regulations;
- e. proper accounting and other records have been kept, including records of all assets of the Polytechnic, whether purchased, donated or otherwise; and
- f. at the date of this statement, there are reasonable grounds to believe that the Polytechnic will be able to pay its debts as and when they fall due.

On behalf of the Board of Governors

WONG CHEONG FOOK DAVID Chairman, Board of Governors

YEO LI PHEOW Principal/Chief Executive Officer

19 July 2021

Independent Auditor's Report

For the financial year ended 31 March 2021

To the Board of Governors of Republic Polytechnic

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Republic Polytechnic (the "Polytechnic") and its subsidiary (collectively the "Group"), which comprise the statements of financial position of the Group and Polytechnic as at 31 March 2021, and the statements of comprehensive income and statements of changes in accumulated surplus of the Group and Polytechnic and the consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 47 to 87.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position, statement of comprehensive income and statement of changes in accumulated surplus of the Polytechnic are properly drawn up in accordance with the provisions of the Public Sector (Governance) Act 2018, Act 5 of 2018 (the "Public Sector (Governance) Act"), the Republic Polytechnic Act, Chapter 270 (the "Act"), the Charities Act, Chapter 37 and other relevant regulations (the "Charities Act and Regulations") and Statutory Board Financial Reporting Standards ("SB-FRSs") so as to present fairly, in all material respects, the state of affairs of the Group and the Polytechnic as at 31 March 2021 and the results, changes in accumulated surplus and cash flows of the Group and the results and changes in accumulated surplus of the Polytechnic for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities* for the *Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditor's Report

For the financial year ended 31 March 2021

To the Board of Governors of Republic Polytechnic

Responsibilities of Management and Board of Governors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Public Sector (Governance) Act, the Act, the Charities Act and Regulations and SB-FRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

A statutory board is constituted based on its constitutional act and its dissolution requires Parliament's approval. In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention to wind up the Group or for the Group to cease operations.

The Board of Governors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report

For the financial year ended 31 March 2021

To the Board of Governors of Republic Polytechnic

- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Governors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Opinion

In our opinion:

- a. the receipts, expenditure, investment of moneys and the acquisition and disposal of assets by the Polytechnic during the year are, in all material respects, in accordance with the provisions of the Public Sector (Governance) Act, the Act and the requirements of any other written law applicable to moneys of or managed by the Polytechnic; and
- b. proper accounting and other records have been kept, including records of all assets of the Polytechnic whether purchased, donated or otherwise.

During the course of our audit in relation to the Republic Polytechnic Education Fund (the "Fund"), nothing has come to our attention that causes us to believe that during the year:

- a. the Fund has not used the donation moneys in accordance with its objectives as required under Regulation 11 of the Charities (Institutions of a Public Character) Regulations; and
- b. the Fund has not complied with the requirements of Regulation 15 of the Charities (Institutions of a Public Character) Regulations.

There was no fund raising appeal conducted by the Fund during the year ended 31 March 2021.

Independent Auditor's Report

For the financial year ended 31 March 2021

To the Board of Governors of Republic Polytechnic

Basis for Opinion

We conducted our audit in accordance with SSAs. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Compliance Audit* section of our report. We are independent of the Group in accordance with the ACRA Code together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on management's compliance.

Responsibilities of Management for Compliance with Legal and Regulatory Requirements

Management is responsible for ensuring that the receipts, expenditure, investment of moneys and the acquisition and disposal of assets, are in accordance with the provisions of the Public Sector (Governance) Act, the Act, and the requirement of any other written law applicable to moneys of or managed by the Polytechnic. This responsibility includes monitoring related compliance requirements relevant to the Polytechnic, and implementing internal controls as management determines are necessary to enable compliance with the requirements.

Auditor's Responsibilities for the Compliance Audit

Our responsibility is to express an opinion on management's compliance based on our audit of the financial statements. We planned and performed the compliance audit to obtain reasonable assurance about whether the receipts, expenditure, investment of moneys and the acquisition and disposal of assets, are in accordance with the provisions of the Public Sector (Governance) Act, the Act and the requirements of any other written law applicable to moneys of or managed by the Polytechnic.

Our compliance audit includes obtaining an understanding of the internal control relevant to the receipts, expenditure, investment of moneys and the acquisition and disposal of assets; and assessing the risks of material misstatement of the financial statements from non-compliance, if any, but not for the purpose of expressing an opinion on the effectiveness of the Polytechnic's internal control. Because of the inherent limitations in any internal control system, non-compliances may nevertheless occur and not be detected.

Notes to the financial statements

For the financial year ended 31 March 2021

1. General information

Republic Polytechnic (the "Polytechnic") was established in 2002 under the Republic Polytechnic Act, Chapter 270 and domiciled in the Republic of Singapore.

The Polytechnic is located at 9 Woodlands Avenue 9, Singapore 738964.

The principal activities of the Polytechnic are to provide diploma level education and training in preparation for career in domains associated with engineering, science and technology, sports and wellness management, creative arts and hospitality, and other subjects of learning. The principal activities of the subsidiary are disclosed in Note 6 to the financial statements.

The consolidated financial statements relate to the Polytechnic and its subsidiary (referred to as the "Group"). The consolidated financial statements of the Group and the statement of financial position, statement of comprehensive income and statement of changes in accumulated surplus of the Polytechnic for the year ended 31 March 2021 were authorised for issue by the Board of Governors on 19 July 2021.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with the provisions of the Acts and the Statutory Board Financial Reporting Standards ("SB-FRSs"). SB-FRSs include Statutory Board Financial Reporting Standards, Interpretations of SB-FRS ("INT SB-FRSs") and SB-FRS Guidance Notes as promulgated by the Accountant-General.

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore dollars which is the functional currency of the Polytechnic. All financial information presented in Singapore dollars has been rounded to the nearest thousand, except when otherwise indicated.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except measurements that have some similarities to fair value but are not fair value (e.g. value in use for impairment assessment purposes).

Notes to the financial statements

For the financial year ended 31 March 2021

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

2.2 New and revised standards

Accounting standards effective on 1 April 2020

On 1 April 2020, the Group adopted all the new and revised SB-FRSs and INT SB-FRSs that are effective from that date and are relevant to its operations. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective SB-FRSs and INT SB-FRSs.

The adoption of these new/revised SB-FRSs and INT SB-FRSs did not result in changes to the Group's accounting policies.

Standards issued but not yet effective

DescriptionEffective for annual periods
beginning on or afterAmendments to SB-FRS 116 COVID-19-Related Rent Concessions1 April 2021Amendments to SB-FRS 16 Property, Plant and Equipment – Proceeds before Intended Use1 January 2022Amendments to SB-FR3 37 Onerous Contracts – Cost of Fulfilling a Contract1 January 2022Amendments to SB-FRS 103 References to the Conceptual Framework1 January 2022Amendments to SB-FRS 1 Classification of Liabilities as Current or Non-current1 January 2023

Management expect that the adoption of the other standards above will not have a material impact on the financial statements of the Group in the period of their initial adoption.

Notes to the financial statements

For the financial year ended 31 March 2021

2.3 Significant accounting judgements and estimates

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

Judgements made in applying accounting policies

Management is of the opinion that any instances of application of judgments are not expected to have a significant effect on the amounts recognised in the financial statements other than those involving estimation (see below).

Key sources of estimation uncertainty

Management is of the opinion that there are no key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year, except as follows:

(i) Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amounts of property, plant and equipment are disclosed in Note 5 to the financial statements.

(ii) Allowance for expected credit losses of investments in securities and bonds and trade receivables

The Group uses a general approach to calculate the 12-month expected credit losses ("ECL") for investments in securities and bonds, where key inputs and estimates include the probability of default and loss given default.

The Group uses a provision matrix to calculate lifetime ECLs for trade receivables. The provision matrix is initially based on the Group's historical observed default rates, and adjusted for forward-looking information. At every reporting date, historical default rates are updated and changes in forward-looking estimates are analysed.

As the calculation of loss allowance using ECL is subject to assumptions and forecasts, any changes to these estimations will affect the amounts of loss allowance recognised and the carrying amounts of investments in securities and bonds and trade receivables. Details of the carrying value of the investments in securities and bonds and trade receivables at reporting date are disclosed in Note 7 and Note 8 to the financial statements respectively.

Notes to the financial statements

For the financial year ended 31 March 2021

2.4 Funds

General Fund

Income and expenditure relating to the main activities of the Group are accounted for in the "General Fund" column in the statements of comprehensive income.

Other Funds

Republic Polytechnic Education Fund ("RPEF") (UEN: T03CC1740J) is set up to receive both non-endowed and endowed donations. The objectives of RPEF are:

- (i) To provide bursaries, equipment loans, and other forms of financial assistance schemes to students, as well as scholarships/book prizes to students who excel academically and in co-curricular activities.
- (ii) To provide funding support for activities associated with student development, welfare and social activities.
- (iii) To support the setting up and upgrading of physical infrastructure for the students.

Income and expenditure relating to RPEF is accounted for in the "Other Funds" column in the statements of comprehensive income. The income and expenditure relating to RPEF's non-endowed and endowed donations is represented by *Other Funds – Non-endowment Fund* and *Other Funds – Endowment Fund* respectively. The assets and liabilities of these funds are accounted for separately. For presentation purposes, the assets and liabilities of these funds are pooled together with those of the General Fund in the statement of financial position.

Additional information on RPEF is available on the Charity Portal (www.charities.gov.sg).

2.5 Endowment Fund

This fund consists of donations or contributions which are specifically designed to be kept intact to earn income. The principal sum is kept intact and presented separately in the statement of financial position. The income generated from the endowment fund and its subsequent expenditure is accounted for in the *Other Funds – Endowment Fund*.

2.6 Consolidation

The consolidated financial statements comprise the financial statements of the Polytechnic and its subsidiary as at the end of the reporting period. The financial statements of the subsidiary used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Polytechnic.

Where necessary, adjustments are made to the financial statements of the subsidiary to bring its accounting policies in line with the Group's accounting policies. All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

The subsidiary is consolidated from the date of acquisition, being the date on which the Group obtains control, and continues to be consolidated until the date that such control ceases.

In the Polytechnic's separate financial statements, investment in subsidiary is carried at cost less any impairment in net recoverable value that has been recognised in the statement of comprehensive income.

Notes to the financial statements

For the financial year ended 31 March 2021

2.7 Foreign currency

Transactions in foreign currencies are translated to the functional currency of the Polytechnic and its subsidiary at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on retranslation are recognised in the statement of comprehensive income.

2.8 Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses. Donated assets are stated at valuation at initial recognition.

The cost of property, plant and equipment includes expenditure that is directly attributable to the acquisition of the items. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

Property, plant and equipment costing less than \$5,000 each, building renovations below \$200,000 and library books are expensed as incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method over their estimated useful lives as follows:

Buildings and leasehold land	30 years
Building improvements	5 years
Building systems	10 to 20 years
Computer systems	3 to 5 years
Computer software	3 to 5 years
Furniture, fittings and equipment	5 to 10 years

No depreciation is computed on capital work-in-progress. Depreciation will commence when the asset is completed and ready for its intended use.

Depreciation methods, useful lives and residual values of property, plant and equipment are reviewed and adjusted as appropriate at each reporting date.

Notes to the financial statements

For the financial year ended 31 March 2021

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the standard of performance of the asset before that expenditure was made, will flow to the Group and the cost can be reliably measured. Other subsequent expenditure is recognised as an expense during the financial year in which it is incurred.

Fully depreciated property, plant and equipment are retained in the financial statements until they are no longer in use.

The gain or loss arising from disposal or retirement of an item of plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of comprehensive income.

2.9 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

The Group's right-of-use assets are presented within property, plant and equipment (Note 5).

The right-of-use assets are also subject to impairment. The accounting policy for impairment of non-financial assets is disclosed in Note 2.10.

Notes to the financial statements

For the financial year ended 31 March 2021

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are disclosed in Note 21 Leases.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in operating income in the statement of comprehensive income due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

2.10 Impairment of non-financial assets

The carrying amounts of non-financial assets subject to impairment are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. If it is not possible to estimate the recoverable amount of the individual asset, then the recoverable amount of the cash-generating unit to which the assets belong will be identified.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

Notes to the financial statements

For the financial year ended 31 March 2021

Individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's or cash-generating unit's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell, and value in use, based on an internal discounted cash flow evaluation. Impairment loss is charged pro rata to other assets in the cash-generating unit. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist.

Any impairment loss is charged to the statement of comprehensive income.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount or when there is an indication that the impairment loss recognised for the asset no longer exists or decreases.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

2.11 Financial instruments

Financial assets and financial liabilities are recognised when, and only when the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets and financial liabilities at initial recognition.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period. Income and expense is recognised on an effective interest basis for debt instruments.

Financial assets

Initial recognition

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer.

Notes to the financial statements

For the financial year ended 31 March 2021

Subsequent measurement

The subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The measurement categories for classification of the Group's debt instruments are:

(i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in the statement of comprehensive income when the assets are de-recognised or impaired, and through amortisation process.

(ii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss. Gain or loss on a debt instrument is recognised in the statement of comprehensive income in the period in which it arises.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in the statement of comprehensive income.

Financial liabilities

All financial liabilities are initially measured at fair value, and subsequently measured at amortised cost, using the effective interest method, with interest expense recognised on an effective yield basis.

Derecognition of financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expired. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in the statement of comprehensive income.

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Polytechnic and the Group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

Notes to the financial statements

For the financial year ended 31 March 2021

2.12 Impairment of financial assets

The Group recognises an allowance for ECLs for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For investments in securities and bonds, the Group uses a general approach to calculate the 12-month ECL, where key inputs and estimates include the probability of default and loss given default.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix based on its historical credit loss experience and adjusted as appropriate for current conditions and forward-looking information.

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.13 Cash and cash equivalents

Cash and cash equivalents comprise cash balances and bank deposits and other short-term highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of change in value.

2.14 Grants

Government grants and contributions from other organisations are recognised when there is reasonable assurance that the grant will be received and the Polytechnic will comply with all attached conditions.

Government grants related to assets in which the Polytechnic has discretionary management power are taken to the deferred capital grants account, or to the statement of comprehensive income for purchase of assets which are written off in the year of purchase.

Other government grants and contributions from other organisations for the purchase of depreciable assets or to finance research or capital projects are taken to the grants received in advance account in the first instance. They are taken to the deferred capital grants account upon the utilisation of the grants for purchase of assets, which are capitalised, or to the statement of comprehensive income for purchase of assets which are written off in the year of purchase.

Notes to the financial statements

For the financial year ended 31 March 2021

Deferred capital grants are recognised in the statement of comprehensive income over the periods necessary to match the depreciation, write off and/or impairment loss of the assets purchased with the related grants. Upon the disposal of property, plant and equipment, the balance of the related deferred capital grants is recognised in the statement of comprehensive income to match the carrying amount of the property, plant and equipment written off.

Government grants to meet the current year's operating expenses are recognised as income in the same year. Government grants are accounted for on an accrual basis.

2.15 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2.16 Employee benefits

Defined contribution plans

Contributions on the employees' salaries are made to the Central Provident Fund ("CPF") as required by law. The CPF contributions are recognised as expenses in the period when the employees rendered their services.

Short term employee benefits

All short term employee benefits, including entitlement to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability.

2.17 Key management personnel

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the Group. Principal, Deputy Principals and Directors are considered as key management personnel.

Notes to the financial statements

For the financial year ended 31 March 2021

2.18 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

- (i) Student fees and other fees for the academic year are recognised over the period when such courses are conducted.
- (ii) Donations are recognised upon receipt.
- (iii) Rental income is recognised on a straight-line basis over the lease term.
- (iv) Revenue from workshops are recognised when conducted.
- (v) Interest income is recognised on a time proportionate basis using the effective interest method.
- (vi) Income from consultancy projects is recognised when the project is completed.

Fees received in advance primarily relates to the Group's obligations to transfer services to customers for which the Group received advances from customers. Fees received in advance are recognised as revenue when the Group performs its obligations.

2.19 Income tax

The Polytechnic is a tax-exempted institution under the provisions of the Income Tax Act (Chapter 134).

The subsidiary of the Polytechnic is subject to tax under Singapore income tax legislation.

Income tax for the financial year comprises current tax and deferred tax.

Current tax is the expected tax payable on the taxable income for the year, using tax rates (and tax laws) enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

A deferred tax asset is recognised to the extent that it is probable that future taxable income will be available against which temporary differences can be utilised. Deferred tax assets are reviewed at the end of the reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Current and deferred tax are recognised in the statement of comprehensive income.

Notes to the financial statements

For the financial year ended 31 March 2021

3. General fund

The Polytechnic may use its reserves to fund the purchase of property, plant and equipment. Such funds for the purchase of property, plant and equipment which are not directly funded by government grants are set aside as capital reserves in the year of purchase and transferred back to general reserves to match the amounts taken to the statement of comprehensive income when the property, plant and equipment are depreciated over their useful lives or upon their disposal or retirement.

Trade receivables are non-interest bearing and are generally on 30 days' (2020 : 30 days') terms. The Group and Polytechnic provide for lifetime expected credit losses for all trade receivables using a provision matrix. The provision rates are determined based on the historical observed default rates and analysed in accordance to days past due.

(a) Credit risk exposure on the trade receivables using the provision matrix:

				receivables past due		
<u>Group</u>	Not past due \$'000	≤30 days \$'000	31-60 days \$'000	61-90 days \$'000	>90 days \$'000	Total \$'000

(a) Tuition Fee and Study Loan Scheme(b) Opportunity Fund Scheme	9,198 1,304	8,490 861
	10,502	9,351

(a) Tuition Fee and Study Loan Scheme

The Polytechnic acts as an agent for MOE to disburse student loans on behalf of MOE.

Tuition fee loans and study loans funds are provided by MOE to students and administered by financial institutions appointed by the Polytechnic. The interest rate policy for the tuition fee and study loans is governed by MOE. The Polytechnic draws down the loans from MOE for student tuition fees when the loans are approved. In accordance with student loan terms, students make loan repayment to financial institutions. The Polytechnic will return the funds back to MOE after receiving the loan repayments from the financial institutions.

Notes to the financial statements

For the financial year ended 31 March 2021

(b) Opportunity Fund Scheme

The Opportunity Fund ("OF") scheme was established in 2006 to level up enrichment opportunities for Singapore Citizen ("SC") students from lower income household groups from all schools, junior colleges and centralised institutes and the Institute of Technical Education. This scheme was extended to the polytechnics in 2013. This fund is managed by MOE and is disbursed to the Polytechnic for administration of application and awards processing on behalf of MOE. The fund is disbursed by MOE on a yearly basis to provide assistance to needy SC students for overseas trips and personal computer purchases. The unutilised amount will be net off against the funds allocated for the subsequent calendar year.

(19,772)	(20,470)	
151,329	150,411	
	2021 \$'000 171,101 (19,772)	

MOE has reimbursed \$16,655,000 (2020 : \$17,022,000) for the amount of output goods and services tax on the full tuition fees paid to the Inland Revenue Authority of Singapore. This amount is not included in the above operating grants received from Government.

Notes to the financial statements

For the financial year ended 31 March 2021

19. Income tax expense

The Polytechnic is tax exempted under the provisions of the Income Tax Act whilst the subsidiary is subject to tax under Singapore income tax legislation. The major components of the Group's income tax expense recognised in the statement of comprehensive income for the years ended 31 March 2021 and 2020 are:

	Gr	Group	
	2021 \$'000	2020 \$'000	
Current income tax - Current year - Over provision in respect of prior year	-	4 [2]	
Income tax expense	-	2	

The income tax expense for the year can be reconciled to the accounting (loss) as follows:

	G	roup
	2021 \$'000	2020 \$'000
Deficit after grants	(5,863)	(6,925)
Tax calculated at tax rate of 17% Effect of deficit exempted from tax Effect of partial tax exemption and tax relief	(997) 989 -	(1,177) 1,186 (5)
Deferred tax assets on losses not recognised Over provision in respect of prior year	8	[2]
Income tax expense	-	2

Subject to the agreement by the tax authority, at the end of reporting period, the Group has unutilised tax losses of \$46,000 available for offset against future profits. No deferred tax assets have been recognised due to the unpredictability of future profit streams.

Notes to the financial statements

For the financial year ended 31 March 2021

20. Capital commitments

The capital commitments are mainly funded by government grants.

21. Leases

Group and Polytechnic as a lessee

The Group and Polytechnic have lease contracts for land, building and equipment.

(a) Carrying amounts of right-of-use assets classified within property, plant and equipment (Note 5)

Group and Polytechnic	Buildings and leasehold land	Furniture fittings and equipment	Total
	\$'000	\$'000	\$'000
At 1 April 2019	62,636	-	62,636
Additions	748	53	801
Depreciation	(4,590)	(11)	(4,601)
At 31 March 2020	58,794	42	58,836
Additions	-	767	767
Depreciation	(4,777)	(147)	(4,924)
At 31 March 2021	54,017	662	54,679

Notes to the financial statements

For the financial year ended 31 March 2021

[b] Lease liabilities

Group	and Polytechnic
2021	2020
\$'000	\$'000
573	285
591	454
1,164	739

Reconciliation of movements of lease liabilities to cash flows from financing activities

2021 \$'000 739 767 38	2020 \$'000 - 801 7
767	801
38	7
(352)	(62)
(28)	(7)
1,164	739
	(28)

The maturity analysis of the lease liabilities and the future lease payments for these non-cancellable lease contracts are disclosed in Note 23.

Notes to the financial statements

For the financial year ended 31 March 2021

(c) Amounts recognised in the statement of comprehensive income

	Group and Polytechnic	
	2021 \$'000	2020 \$'000
Depreciation of right-of-use assets	4,924	4,601
Interest expense on lease liabilities	38	7
Expense relating to short-term leases (included in rental expense)	46	70
Expense relating to leases of low-value assets (included in rental expense)	95	48
	5,103	4,726

During the year, the cash outflows for leases amounted to \$521,000 (2020 : \$187,000).

Notes to the financial statements

For the financial year ended 31 March 2021

22. Related parties

Some of the Group's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties is reflected in these financial statements.

Other than disclosed elsewhere in the financial statements, the Group and Polytechnic entered into the following significant transactions with its parent Ministry, MOE, and its subsidiary during the financial year:

	Gr	Group		Polytechnic	
	2021	2020	2021	2020	
	\$'000	\$'000	\$'000	\$'000	
<u>ivable</u>					
	171,101	170,881	171,101	170,881	
ants	2,384	1,743	2,384	1,743	
	1,567	8,583	1,567	8,583	
	-	-	48	154	
	-	-	-	21	

Notes to the financial statements

For the financial year ended 31 March 2021

23. Financial instruments, financial risks and capital risks management

(a) Categories of financial instruments

The following table sets out the financial instruments as at the end of the reporting period:

	Group		Polytechnic	
	2021 \$'000	2020 \$'000	2021 \$'000	2020 \$'000
Financial assets				
Financial assets (including cash and bank				
balances)	433,785	428,044	433,520	427,720
Financial liabilities				
Trade and other payables Lease liabilities	34,728 1,164	28,864 739	34,722 1,164	28,848 739
Total	35,892	29,603	35,886	29,587

(b) Financial risk management policies and objectives

The Group's overall financial risk management programme seeks to minimise potential adverse effects of financial performance of the Group. There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risk.

(i) Foreign currency risk management

The Group and Polytechnic are not exposed to significant foreign currency risk as its transactions, financial assets and liabilities are denominated in Singapore dollars.

Notes to the financial statements

For the financial year ended 31 March 2021

(ii) Interest rate risk management

As the Group and Polytechnic do not have any financial assets and liabilities which bear interest at floating rates, no sensitivity analysis is prepared.

The interest rates for cash placed with Accountant-General's Department disclosed in Note 9 to the financial statements are based on deposit rates determined by financial institutions with which cash are deposited and are expected to move in tandem with market interest rate movements.

Reasonable changes in interest rates for cash placed with Accountant-General's Department would not have a material effect on the Group's income and expenditure and equity.

(iii) Credit risk management

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations as and when they fall due.

At the reporting date, the Group and Polytechnic have no significant concentration of credit risk. Concentration of credit risk relating to trade receivables is limited due to the Group's varied customer base. Credit risk of grant receivables is remote as claims made are within funding guidelines and it is unlikely that the Government will default on payment. Only investment grade bonds are purchased and funds in unit trust are placed with a reputable fund manager.

Cash and cash equivalents are placed with banks and financial institutions which are regulated. The cash with Accountant-General's Department under Centralised Liquidity Management are placed with high credit quality financial institutions and are available upon request.

The Group's and Polytechnic's expected credit loss model for each significant class of financial asset is disclosed in Note 2.12 to the financial statements.

The Group and Polytechnic determined that its financial assets are credit-impaired when:

- There is significant difficulty of the debtors
- There is a breach of contract, such as a default or past due event

Financial assets are written off when there is no reasonable expectation of recovery. Where trade receivables have been written off, the Group and Polytechnic continue to attempt to recover the receivables due. Where recoveries are made, these are recognised in the statement of comprehensive income.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position. Further details of credit risk on trade and other receivables are disclosed in Note 8 to the financial statements.

Notes to the financial statements

For the financial year ended 31 March 2021

(iv) Liquidity risk management

The Group and Polytechnic monitor its liquidity risk and maintains a level of cash and cash equivalents deemed adequate to finance the Group's and Polytechnic's operations and to mitigate the effects of fluctuations in cash flows.

The table below summarises the maturity profile of the Group's and Polytechnic's financial liabilities at the reporting date based on contractual undiscounted cash flows.

	Group			
2021	Carrying amount \$'000	Contractual cash flows \$'000	One year or less \$'000	One to five years \$'000
Financial liabilities Trade and other payables Lease liabilities	34,728 1,164	34,728 1,210	34,728 600	- 610
2020 Financial liabilities Trade and other payables	28,864	28,864	28,864	_
Lease liabilities	739	771	305	466

	Polytechnic			
2021	Carrying amount \$'000	Contractual cash flows \$'000	One year or less \$'000	One to five years \$'000
Financial liabilities Trade and other payables Lease liabilities	34,722 1,164	34,722 1,210	34,722 600	- 610
2020 Financial liabilities Trade and other payables Lease liabilities	28,848 739	28,848 771	28,848 305	- 466

Notes to the financial statements

For the financial year ended 31 March 2021

(v) Fair value of financial assets and financial liabilities

The carrying amounts of the Group's and Polytechnic's other financial assets and liabilities approximate their fair values due to the relatively short-term maturity of these financial instruments. The aggregate net fair values of recognised financial assets which are not carried at fair value in the statement of financial position at 31 March are represented in the following table:

	Group and Polytechnic			
	2021		20	20
	\$'000		\$'0	00
	Carrying amount	Fair Value	Carrying amount	Fair Value
Financial assets				
At amortised cost: Government and corporate bonds	59,244	60,776	53,745	52,679

(c) Capital risk management policies and objectives

The Group regularly reviews and manages its capital structure to ensure that the Group will be able to continue as a going concern. The capital structure of the Group comprises only accumulated surplus and endowment fund. The Group's overall strategy remains unchanged from prior year.

24. Charity act and regulations

As required for disclosure under regulation 17 of the Charities (Institutions of a Public Character) Regulations, RPEF received tax deductible donations of \$2,008,000 (2020 : \$1,801,000) during the year.
