Tuition Grant Scheme for Singapore Citizens (Academic Year, AY2025)

Dear Student,

The Ministry of Education's Tuition Grant (TG) Scheme is to help defray the cost of full-time diploma courses at polytechnics for students.

Singapore Citizens will automatically receive the highest subsidy level upon successful enrolment in a polytechnic, provided they have not previously been awarded a TG for completing an equivalent or higher level of education. To confirm eligibility, you must complete the Tuition Grant Eligibility Declaration Form on Republic Polytechnic's Online Enrolment Portal.

If you are eligible for TG, the grant will be applied directly on the total amount due on your Student Bill at Republic Polytechnic.
