Things to Know About Specialist Diploma in Biomedical Technology

1

What will I get out of this course?

Hear from our graduate, Ms Nicole Ng:

“

The programme has definitely broadened my knowledge on biomedical instruments — how it has vastly been developed over the years and the benefits on the users and industry.

”

2

What is so unique about this programme?

Specialist Diploma in Biomedical Technology is a collaboration between Republic Polytechnic (RP) and Singapore University of Social Sciences (SUSS). By the end of the programme, you will gain a strong foundation in biomedical instrumentation and device design. You will also be equipped with the skills and knowledge to support medical professionals.

This programme provides an articulation path for graduates who wish to further their studies with a Bachelor of Science in Biomedical Engineering at SUSS.

3

How much does the programme cost?

	Fee Subsidy Eligibility	Course Nett Fee
Singapore Citizen	Workfare Training Support Scheme	\$495.07
