## Things to Know About Work-Study Certificate Leading to a Diploma in Applied Science

(Environmental Services & Management)

1

### What will I get out of this course?

Participants enrolled in this programme will be equipped with the necessary knowledge and skills to manage the environmental operations through the adoption of technology to improve productivity.

Hear from our graduate, Mr Shah Razi:

“

The programme helped me to gain employment with a leading home-grown cleaning service company. I've learned to operate new equipment and to develop people management skills during my course of work and study.

”

## 2

### What is so unique about this programme?

This programme is supported by the National Environment Agency, Building Construction and Timber Industries Employee's Union, and Waste Management & Recycling Association of Singapore. Once completed, you will be ready for a range of careers such as:

- Operations Executive
- Hazardous Waste Management
- Facilities Manager
- Product Specialist
- Cleaning Supervisor
- Environment, Health and Safety Specialist

Under the Work-Study Certificate programme, you may enjoy additional benefits such as sign-on incentive with full-time employment, assigned company mentor, well-structured training, and career advancement opportunities.

Upon completion, you will have the option to complete two additional Modular Certificates for the award of a Diploma in Applied Science (Environmental Services & Management).

## 3
