

DIPLOMA IN APPLIED SCIENCE (MEDICAL LABORATORY SCIENCE)

PROGRAMME TYPE: Part-Time Diploma

VENUE: Conducted at respective polytechnics that offer the Modular Certificate (MC)

This programme is a multi-campus experience that combines the strengths of five polytechnics' curricula. It will equip you with the knowledge and technical skills to support the needs of the biomedical science industry, particularly in medical laboratories. This course is relevant for individuals who are keen to pursue a career in diagnostic clinical laboratories or related fields in biomedical research and technology.

COURSE STRUCTURE

5 MODULAR CERTIFICATES (MCs)

- Haematology and Immuno-haematology (Singapore Polytechnic)
- Medical Microbiology (Temasek Polytechnic)
- Diagnostic Clinical Chemistry (Nanyang Polytechnic)
- Molecular Diagnostics (Ngee Ann Polytechnic)
- Histotechnology and Cytotechnology (Republic Polytechnic)

The programme includes self-learning hours in the form of e-learning, assessments, case studies, and revision.

ENTRY REQUIREMENT

Applicants should possess one of the following combinations of qualification and work experience:

- 3 GCE O-Level passes including English, Science, and one relevant subject with at least three years of relevant work experience
- NITEC (GPA 3.5 and above) with at least two years of relevant work experience
- Higher NITEC with at least one year of relevant work experience
- Relevant WSQ Diploma with at least three years of relevant work experience

If you do not meet the entry requirements, you may be considered for admission to the course based on evidence of at least five years of relevant working experience or supporting evidence of competency readiness. For shortlisted applicants, you may have to go through an interview and/or entrance test.

Admission will be reviewed and approved on a case-by-case basis.
