SGUnited Skills (SGUS) Programme

Urban Agricultural Technology

5 THINGS
to know about
SGUnited Skills Programme in Urban Agricultural Technology

1 What will I get out of this course?

Prep yourself for a career in the agriculture related industries, such as farm technologist, agriculture produce specialists and sales executives. This programme will cover the fundamentals of plant-based production for food, farming process and management. You will gain knowledge in managing plant growth, diseases, pests, farm ecosystems, and breeding techniques, to help in crop production, agrotech, and sales job roles.

Career Opportunities:
Farm Technician
Farm Specialist

2 What modules will I be taking?

- Growth and Development of Agricultural Produce
- Managing the Natural Resource Base for Farming
- Agriculture Nutrient Management
- Agro-Ecosystems and Farming
- Project on Food Production
- Disease: Causes and Identification
- Integrated Pest Management
- Breeding Techniques and Seed Stock Management
- Traceability of Farm Produce
- Project on Farming Process and Management

3 Where will the course be held?

Lessons will be conducted via online learning.

4 How often do I need to attend the course?

Course commences in October 2020, and will run for a total of six months.

Number of Lessons	Duration
Two times a week Wednesday & Friday	9:00am – 5:00pm

5 How much is the course fee?

Course fee for the six months programme is $500. The programme is eligible for SkillsFuture Credit.
