SGUnited Skills (SGUS) Programme

Supply Chain Management

5 THINGS

to know about

SGUnited Skills Programme in Supply Chain Management

1 What will I get out of this course?

The programme is designed in alignment with Skills Framework for Logistics, to equip participants with both existing and emerging knowledge, as well as skills that are required in the logistics industry. These include warehouse and inventory management, transportation operations and freight services, lean process, Supply Chain IT, cold chain management, pharmaceutical and bio-chemical supply chain, and cold chain management.

Upon completion, the participants will be ready for various job roles in the logistics industry and any industry with logistics functions.

Career Opportunities:

Supply Chain Analyst
Logistics Engineer
Operations Executive

3 Where will the course be held?

Lessons will be conducted via online learning.

5 How much is the course fee?

Course fee for the six months programme is \$500. The programme is eligible for SkillsFuture Credit.
