Things to Know About Work-Study Post-Diploma in Digital Content Creation for Business

1

What will I get out of this course?

This course aims to deepen your skills and knowledge for producing engaging digital content across the typical distribution platforms businesses use in today's market. Graduates of this specialist diploma are able to create digital content for various media platforms and formats. In addition, graduates are equipped with knowledge and skills in user experience, project management, and business models.

Hear from our graduate, Ms Theodora Lee Rou:

“

I used to struggle with creating things from scratch and would have to constantly look at designs for inspiration. However, after going through the graphic design module, I learned to overcome my own obstacles and can now create a good piece of design from scratch by exploring the tools available on the different platforms I use for designing.
